

16' Conservatory Greenhouse G-316

This unit consists of a 16 x 16' Span with 2 doors on each end. Double bench frames run the full 16' with an isle on each side. There are 4 16' hanging rods.

GENERAL INSTRUCTIONS

1. Complete the D-UNIT instructions first.
2. Next complete the E-UNIT instructions (the E Unit connects to the D-UNIT).
3. Follow the Conservatory Paneling Instructions for attaching the greenhouse covering.
4. Make sure that each unit is anchored down to the ground properly.

. Note: All your boxes of parts are identified by Unit . Please check each box to make sure all the parts are included for each unit: Unit D and Unit E

ENJOY YOUR NEW GREENHOUSE!

P.S. Please share with us any ideas you have on improving our greenhouse instructions. Pictures are appreciated.
